A WARNING AND CORRECTION.

One of the Missouri pupils in this school of light and knowledge, Mr. R. A. Crockett, sends us a check, and calls it "a batwing." This pupil is in the Senior class, and it is not pleasant to have to rebuke him. But, in the interest of good order and decorum, it is necessary. A check is known as "White Wings." A "Bat Wing" is a greenback. We trust it may not be necessary to rebuke a pupil here after, even though he may live in Missouri. The Record must be kept straight.

D. W. SIX.

D. W. Six, 84 years old, died at his home in Thompson Valley Sept. 17th and was buried at the old home, Rev. B. O. Shannon, pastor of the Presbyterian congregation conducted the funeral services.

He is survived by seven sons and two daughters, viz, William, James, Samuel, John, Ira, Edward and Den, Mrs. Jas. H. Buchanan and Miss Polly Six.

"Whitley" Six, as he was known, was a man of integrity, a life long member of the Presbyterian church, an industrious, prosperous farmer. The breaking of this, another connection link between the past and the present teaches a lesson that should be heeded by the living.

PREACHING NOTICE.

Rev. A. S. Ulm will preach Saturday night at Liberty Hill, Sunday morning at the Cove, in the afternoon at Glenwood. With these services this conference year closes.

Henry Ford says "The war is over and it is time war prices were over. There is no sense or wisdom in trying to maintain an artificial standard of value. For the best interest of all it is time a real practical effort was made to bring the business of the country and the life of the country down to regular pre-war standards." We are at your command with regular Ford efficiency in service and eagerness to fill your orders.

What About The Clothier Who Does the Right Thing?

You hear a lot about profiteering in clothing. Wherever it exists it cannot be condemned too severely. Something ought to be said, however, for the merchants who have been taking only a fair profit—merchants who have tried to help their customers meet high costs.

We are meeting the situation fairly and squarely with nothing but good quality, because we know it is economy. When we couldn't get enough fine goods, we turned down sales rather than sell "cheap stuff."

We cut our margin of profit in order to relieve the strain of high prices.

We say to our customers, "Come back and get your money if you aren't satisfied." Come in and look over our store, inquire into our prices and decide for yourself.
